Where: City Council Chambers, 2212 Beach Blvd., 2nd Floor, Pacifica

Presented by: Pacifica's Environmental Family in collaboration with local environmental and cultural organizations in Pacifica.

The forum will provide each candidate an opportunity to present their vision for our city including what role, if any, the natural environment, arts and culture play in advancing that vision. This expanded sharing of vision and values will contribute to greater awareness of environmental and cultural challenges and opportunities facing Pacifica that can shape a vibrant and sustainable community.

Pacifica's Environmental Family will not be advocating for any particular policy or position during the forum and does not advocate for any particular candidate. The intention of this forum is to give the public a chance to hear what each candidate has to say about various environmental issues that Pacifica faces in a respectful and thoughtful way.
